Issues:

1. Irrigation pump has been pulled. Andrew is identifying and procuring jet pump components for installation. Once procured, the damaged top of the well casing will be trimmed and capped with the jet pump installation.
2. The irrigation control system needs to be replaced. We will replace the control system after the irrigation pump has been replaced. The wall lights are controlled by an optical switch. The entrance sign and lighting will no longer be controlled. The lights will be removed.
3. Trash cans at 545 Kelly Green Street still visible from the road.

Ann-Marie will send proof of notification to the HOA attorney for further processing.

4. Fence at 559 Kelly Green Street needs to be installed to hide the portable building and trash cans from the road.

The remaining fence will be installed soon.

5. The color book is still in process.
6. A “meeting frequency policy” will be generated and submitted to the next meeting. The policy will essentially state that at most we will have regularly scheduled meetings if there is business to conduct, but no more often than monthly.
